# EVOLVE CAMP TOUR PROGRAM

**ABOUT:** Evolve travels to day camps and overnight camps across Ontario (and the rest of Canada) every summer to deliver epic skateboarding and scootering programs. It is always a pleasure to witness the surprise and delight children experience when they realize they get to go boarding at camp!

Our camp tour programs run anywhere from 1 day to 1 week, and depending on your needs, Evolve will work to create a customized experience. Our programs are designed to fit into your camp's programming schedule and will give your camp a competitive advantage.

## ALL ABOARD THE EVOLVE CAMP TOUR! HOW DOES IT WORK?

Our camp tour travels with a mobile skate park. The park can be set up on any flat surface. In past years, we have used tennis/basketball courts or any flat, concrete spaces. All of our ramps are set up to flow exactly like a traditional skateboard park.

**AGES:** 6-14 years

## BENEFITS OF THE PROGRAM

- Participation can offer your camp a competitive advantage over other camps who stick to traditional sports activities.
- This unique and active sports activity is guaranteed to interest even the most non-sports-minded kids, build confidence and provide children with a great workout.
- No fixed investment required! We bring the program with us and when we're gone, all that's left are great memories.

## WHAT WE REQUIRE

- Tennis/Basketball Court or flat, concrete space approximately 50'x50' feet
- Meals and Accommodations for 2-3 staff members, depending on duration of program
- Access to a storage facility

**DURATION:** Be a part of our travelling tour with a 1 day to 1 week program or, we can set up a permanent feature at your camp for the entire summer. This is sure to be a camper favourite!

**RISK MANAGEMENT DETAILS:** \$5M liability insurance, trained instructors (with background checks)
